AIR AND RADIATION

December 21, 2000

CCD-00-23 (LDV/LDT/SM/ICI/LIMO/MC)

Dear Manufacturer:

Subject: Future EPA Guidance Letters Will be Sent by Email, Only.

This letter will be the last paper copy EPA Guidance letter which you will receive (for guidance letters sent to light-duty vehicle and motorcycle manufacturers by EPA's Certification & Compliance Division). All subsequent guidance letters will be forwarded by electronic mail as discussed in manufacturer guidance letter CCD-00-19, dated September 15, 2000.

For your convenience, we are also forwarding this letter via email. If you did not receive an email copy of this letter (and would like to receive future guidance letters via email) please email the information contained in CCD-00-19 to Dotti Brayley at brayley.dotti@epa.gov. If your email information changes in the future, please email the corrections to Ms. Brayley.

All guidance letters will also appear on our Internet web site located at <http://www.epa.gov/otaq/cert/dearmfr/dearmfr.htm>.

In addition to providing faster communication on important issues, we are reducing the EPA resources and expenses associated with using regular mail. If you have any questions about this letter, please contact your EPA certification team representative.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory A. Green" followed by a stylized flourish.

Gregory A. Green, Director
Certification and Compliance Division
Office of Transportation and Air Quality
